“SISTER MARY ROSE CHIRSTY” DAY CENTER

S.O.S. ARAPAMESU:

The help that each of us can offer is of real use for continuing of a well recognized activity at Sibiu county

After more than 25 years of activity, during which we provided social assistance and help to families and children at risk, the ARAPAMESU Association finds itself in the difficult situation of not being able to carry out the necessary capacity and quality of social activities and helping those in need.

After a year's loss of co-financing received from Switzerland, no solution has been found, with all the steps taken towards public actors (indirect beneficiaries of the Association's services) and / or private ones. Starting August 2017, all staff (social workers, psychologists, educators) work in a volunteer system.

The serious situation of children and families requires integrated programs and partnerships between authorities, NGOs, churches, health services, and economic actors to combat the negative effects of violence, crime, the spread of diseases (many cases of hepatitis in children have been reported), education of those in risk situations; by virtue of these measures protecting us practically the ones involved.

Education and familial abandonment prevention: Parenting School

Involvement of parents / legal guardians in projects addressing domestic violence, with emphasis on child education, good understanding, counseling and community balance.

Educational and competition activities: Day Center

Staff and volunteers with educational profile in collaboration with teacher and school mediator provide support in helping children with doing homework, aiming to prevent school dropout and also to improve school situation of children.

Learning basic skills - relational and socializing - is also an objective of the Day Center, so we organize general culture contests, as well as manual work activities that resulted in the decoration of our center in the summer-specific theme.

We organized a campaign to collect recyclable waste and scrap from the community.

Social and psychological assistance:

- social counseling to prevent school dropout, improving negative social behavior;
- awareness of the role of education in children's lives;
- psychological counseling;
- support to 2 families for the preparation of social benefits;

Medical assistance:

Identifying cases of illness of our children and their parents/tutors through the collaboration with the medical cabinet

Hepatitis B cases reported lately can endanger the entire community if the necessary measures are not taken early. An awareness and counter campaign is much needed.

President Arapamesu,
Ranf Ioan
